...should be large enough and low enough to climb through, and operate easily enough for the youngest member of the family.

4. Interior finish of materials with low flame-spread characteristics. Wallboards made of gypsum, cement, asbestos and similar material are noncombustible and resist flame spread.

5. Fire - resistant roofing material, such as asphalt shingles, slate, asbestos or metal. Wood shingles should never be used as a roof covering.

6. Proper wiring. Qualified electrician follow the provisions of the National Electrical Code when installing wiring, which means a fire safe installation.

7. A good heating plant properly installed and located, regularly inspected and cleaned.

A furnace should never be located under stairs or near an entrance where fire originating in the heater might block escape.

National Apple Week

National Apple Week, October 11 through 20, is the special time for promoting apples. At this time, most of the Eastern varieties will be on the market — the Staymans, McIntosh, Northern Spies, Greenings and Baldwins. This year's crop of these and other varieties is expected to be 11 per cent above average. So you'll find apples galore at your supermarket — for eating as they are, for baking, for pie, and for caramel apples on the stick.

Which variety do you use for what? Some varieties are best for pie, some for baking, etc. This list may help you in your selection:

For baking — Albemarle Pippin, York Imperial, Stayman Jonathan, Rome Beauty, Grimes Golden.

For pie - Grimes Golden, Winesap, Stayman, Golden Delicious, York Imperial, Jonathan, and Rome Beauty.

For sauce — Winesap, Stayman, Golden Delicious, Grimes Golden, and York Imperial.

For salads — Stayman, Grimes Golden, Winesap, Red Delicious, Golden Delicious, Jonathan.

For eating — Grimes Golden, Stayman, Winesap, Red Delicious, Golden Delicious, Jonathan.
